■ Introducing the Lenard Sisters!

Tact Lenard (cv: Makoto Koichi)
Height: 162cm

The youngest of the 3 Lenard sisters and the player's cousin. She helps out at her father's office, after being told to do so. She caused a huge outrage in the office by advertising that "Anyone who are willing to help are welcomed". As in the result, she had entangled not only the public, but also the police and the thieves, because of her rough personality.

Parte Lenard (cv: Marika Kouno)
Height: 148cm

The oldest of the 3 Lenard sisters and the player's cousin. Because of her height, she's always mistaken to be the youngest sister, which really drives her mad. Most of the time, she's cold to everyone except Kotoha. She's very dexterous, and able to perform anything in a moment. She created a show-stage under the office to train her skill on magic (conjuring tricks), which she had recently got into.

Otoha Lenard (cv: Sarah Emi Bridcutt)
Height: 167cm

The second oldest of the 3 Lenard sisters and the player's cousin. She runs a Jack-of-all-trade shop named "Otogizousi". She loves the Japanese culture and names herself "音羽" (Otogizousi). She is usually very calm. However, when it comes to food, her personality takes a 180 degrees turn. Her older sister, Parte, can never act against Otoha.
