TRADING CARD GAME “LUCK & LOGIC” RELEASES IN ENGLISH THIS SUMMER 2016

Tokyo, Japan (January 15, 2016) – Bushiroad announced that their latest trading card game “Luck & Logic” will also be released in English in Summer 2016.

“Luck & Logic” was first announced in November 17, 2015 in Tokyo, Japan. Just like the name of the game, the trading card game features both luck and logic. A key point of the game is to have two types of characters, “foreigners” and “logicalist”, combine together to become a stronger character. The mechanic of combining is known as “trance”.

Over 4,000 worldwide have participated in the “Luck & Logic” demonstration sessions with Japanese edition cards at events such as Anime Festival Asia 2015 and Comic Fiesta 2015. The overwhelming positive feedback and demand for the game to be in English has spurred the release of the English edition “Luck & Logic”.

The trading card game is accompanied by a TV animation series, also named “Luck & Logic”, which is currently airing across various broadcasting and online streaming channels. The animation is available in Japan, USA and Canada, South Korea, Taiwan, China, Italy, Spain, Portugal and French regions.

The animation plot revolves around Sci-Fi “bishojo” battle action with “Trance” as the theme within the world of “Luck & Logic”.
