Technical Booster

Tachikaze - Spike Brothers - Nubatama

Cardfight!! Vanguard G

<http://cf-vanguard.com/>

<http://fb.me/CardfightVanguard>

A new booster based on the Clan Booster comes charging in!

Shutdown King, Miracle Ace

Hit hard, and hit fast with Shutdown King, Miracle Ace! Not only does this card allow you to call additional units onto the field from your hand when a rear-guard is put to the deck, it can even give additional power to other units on the field! This effect works particularly well with the Charge ability as well, as Charge activates when the card with Charge enters the field via an effect.

Spike Brothers

Tachikaze

Nubatama

Featured Clans!

Absolute Ruler, Gluttony Dogma

Featuring the new Engage ability! When you retire 3 or more units with this unit's Engage, you gain an additional ability that allows you to put Absolute Ruler, Gluttony Dogma to stand for another attack! It also gains an additional 10000 Power, so its attack will really pack a punch. Use units that can be superior called back onto the field by their own effects as a cost for this unit's Engage, and extend the rampage!

Rikudo Stealth Dragon, Tsukumorakan

When you Stride this card, you can limit your opponent's options for guarding by binding all but 4 cards from their hand. Use this in conjunction with other effects that bind cards from your opponent's hand, or effects that make your opponent discard cards to further limit their options! Set up for a final turn where your opponent cannot guard against all of your attacks!

Technical Booster

Tachikaze - Spike Brothers - Nubatama

Tachikaze

Spike Brothers

Nubatama

Exceptional Expertise, Rising Nova

This card's Generation Break ability keeps up the pressure on the opponent by superior calling units from the deck to attack and allowing you to activate that unit's Charge ability! It also grants the vanguard ability to perform a similar feat when a G unit Stride into it, and also gives the unit called by this effect an additional 5000 power!

Cobalt Impulse

The Charge ability puts units in a charging state when they are called to a rear-guard circle with an effect. If this unit's attack hits a vanguard when it is charging, the player gains a double bonus! You get to retire one of the opponent's rear-guards, while also replenishing your hand cards!

Emperor Dragon, Gaia Emperor

When you Stride, Emperor Dragon, Gaia Emperor has the ability to immediately call 2 units from the player's hand to the field, and also give two of their rear-guards the ability to return from the drop zone to the field when they are retired in that turn! This works in tandem with various other effects that require the player to retire units, and directly supports the Engorge mechanic! This unit itself also has an Engorge ability, and when it is engorged, it gains Power +5000 and +1 Critical to help the player seal the game.

Beam Dragon, Apatomaser

A "Gaia" support card with Engorge, Beam Dragon, Apatomaser allows the player to give it bonus power while also drawing back a card when this card becomes engorged. This lessens the cost of using engorge, and helps the player guard against the opponent in the subsequent turn.

Stealth Dragon, Shiranui

A powerful card that synergizes with Rikudo Stealth Dragon, Tsukumorakani! Seal off your opponent's field further by binding one of his or her rear-guards, as well as forcing them to discard a card from their hand! Its Generation Break effect allows you to gain power and critical, and works well with the new Afterimage ability!

Stealth Rogue of the Wintry Wind, Kamojigusa

This card is a Forerunner with the Afterimage ability, which allows you to return this card to your hand when your opponent returns bound cards to their hand. Additionally, you can use this effect to reduce the number of cards your opponent can return to his or her hand from the bind zone, while also being able to Countercharge !!

This card sacrifices defense to gain a huge attack boost! INV Sixth Omni Storm Lord, Catastrophe Cord boasts 7000 Attack, and the ability to search for a card from your deck to add to its soul. You can tailor-fit the cards in its soul to deal with almost any situation!

INV Second Omni Demon Lord, Death Asmodai

A powerful offense-oriented card with ridiculously high Power, Critical and [Penetrate]. INV Second Omni Demon Lord, Death Asmodai also has an ability that triggers when it leaves the field. You can fill up the slots on your field without having to play more cards from your hand!

INV Fifth Omni Dragon Lord, Crazed Tenbu

Like its original, INV Fifth Omni Dragon Lord, Crazed Tenbu also has a devastating destruction effect. It can even remove a card from the target's soul before destroying it, limiting the use of [Soulguard] effects and rendering the opponent vulnerable to its 3 Critical. This effect not only targets monsters, but items as well.
