Behold the new era! Introducing [G guardian]!

What is [G guardian]?

[G guardian] is a defensive G unit that allows you to protect yourself from opponent's attack!!

And with the introduction of [G guardian], the maximum card limit in the G zone will be increased to 16 cards!

* Effective from May 20, 2016.

What's great about [G guardian]?

POINT 1 - A powerful card with 15000 Shield!

G guardians called to guardian circle work in the same way as normal guardian. The power of the unit being attacked increases by the Shield of the G guardians. Compared to a normal guardian card, G guardian has a larger Shield value, and also has additional abilities.

POINT 2 - G guardian helps fulfill the condition for activating GB!

At the end of the battle, the G guardian is put into G zone face up.

Face up G guardian in the G zone also count towards fulfilling the conditions for the Generation Break (GB), so it will be easier to activate GB abilities!

2 Required conditions for using G guardians!

1. Both fighters are at grade 3 or greater
2. You have a heal trigger in your hand

Steps to use G guardian

1. Your opponent's unit attacks.
2. Put 1 heal trigger from your hand to drop zone as the cost.
3. Call a face down G guardian card from your G zone to guardian circle at rest
4. At the end of the battle, the G guardian is returned to G zone facing up.

Important point!

When you have 4 face up G guardian cards in your G zone, you cannot use G guardian in that fight.
