The fate of Aetheros rests in your hands.
Which Race will prevail above the rest?

ASCENDANTS
OF
AETHEROS

<http://ascendants-of-aetheros.com>

<http://fb.me/aoaetheros>

Ascendants of Aetheros is
Bushiroad's first ever stand-alone
card game released in English!

Players assume the role of an Ascendant to race for
Ascension Points to become the next Sage of Aetheros.

Gather your friends and get ready for a lot of fun
and destruction in this 2 – 4 player game that is
easy to pick up and lasts between 20 – 40 minutes
per round with no two games ever being the same!

Bushiroad's all new Stand-alone card game!

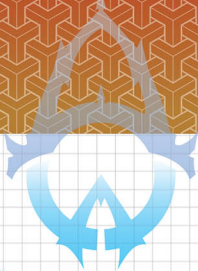

Objective

Pick 1 of the 5 races (Elf, Seraphim, Werebeast, Succubus or Yokai), summon your Empyrean and gather Aetheros' best Lightbringers that suit your play style to aid you in your quest to become the next Sage of Aetheros. Be the first player to attain 125 Ascension Points by acquiring Sky Shards as fast as you can in order to win! Ascendants beware however as Sky Shard destruction is a common occurrence. Only the smartest and wisest Ascendants can become Sage so get ready to outplay and outmaneuver your opponents in this race for points.

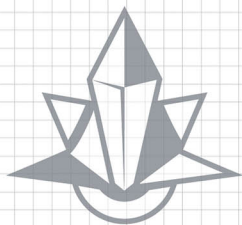

Empyreans

All Ascendants summon an Empyrean in their youth and they remain ever loyal. The Empyreans are extremely powerful and will be your second in command should your ascension be successful. Their abilities are stronger than that of Lightbringers and cannot be prevented in any way.

Sky Shards

Only the Ascendants can harness the power of the Sky Shards but their beauty allows them to be sold for copious amounts of money. An Ascendant harnesses the memories and knowledge acquired as Sky Resonance (SR), a resource for triggering latent abilities that dwell within some Sky Shards themselves, as well as Empyreans and Lightbringers. It is said, with each use of the Sky Shard, its beauty increases and its price quadruples each time!

Lightbringers

The Lightbringers are skilled treasure hunters and they are extremely motivated by the chance to seek Sky Shards. With the promise of being able to keep the used Sky Shards that they find after the competition, there will be no shortage of Lightbringers for the Ascendants to acquire. You may acquire any Lightbringer that is to your liking! However, powerful Legendary Lightbringers will only work with an Ascendant from their Race.

Actions

While the Empyreans and Lightbringers have their own set of abilities, it is up to you to keep track of what your adversaries are doing and also to hinder their progress with your wit and Actions! Destroy their Sky Shards or power up your Lightbringers in order to gain an advantage over your opponents!
