What is "Touken Ranbu -ONLINE-?"

Touken Ranbu -ONLINE- is a sword training simulation game by DMMGAMES and Nitroplus in which famous swords have taken on the form of warriors called Touken Danshi. As their master, gather the Touken Danshi you like, raise and train them to form your very own unit of drawn swords. Then lead your unit through many exciting episodes and fiery battles as you travel back in time in your mission to defeat the enemy!

Juzumaru Tsunetsugu

Use this G guardian efficiently and you could potentially shut down your opponent's units with stand ability.

**Prayer of Hope,
Nina**

As long as Nina's condition is fulfilled, her effect restricts your opponent from playing paradox or tactics cards during battle! In other words, you need to pick between power or paradox battle. Also, it is important to keep cards in your hand that will be useful in the battle.

**Raiding Dash, Roi**

You can manipulate your main deck once you have mobilized this member! Although it may need some technique to fully utilize Roi's Logic Drive, her effect allows you to boost your member and to increase your hand size at the same time.
