CARDFIGHT!! VANGUARD G FIGHTERS COLLECTION

2017

Featured
Cards!!

The much anticipated **Fighters Collection** is back!! All clans (excluding «Etranger» and «Touken Ranbu») will be getting new upgrades!! Watch out for the new G-unit with game-changing GB8 abilities!!

Dark Knight, Irgahn Vert

Irgahn Vert allows you to retire up to five of your rear-guards, and then call the same number of grade 1 and below units from your deck, each with a +15000 power boost. After that, you can retire units on your opponent's field based on the number of rear-guards you have retired. Powering up your field while tearing down your opponent's field all at the cost of 1 counter-blast!!

Fang Dragon King Fist, Driger

Driger's ability shows the essence of a true «Nova Grappler» cardfighter!! With only 1 counter-blast, you can launch up to 7 attacks to your opponent!! The vanguards that re-stands will get up to +25000 power boost as well. Pick your choice of rear-guards well to ensure maximum offensive power!!

Interdimensional Dragon, Beyond Order Dragon

Beyond Order Dragon has the ability to grant you an extra main phase and battle phase!! Although you would have to replenish your rear-guard circle again if you wish to attack with them in your extra battle phase, you can simply fill them up with the "Time Leap" ability!! Claim your victory with this stylish finisher!!

Supreme Heavenly Emperor Dragon, Blazing Burst Dragon

Blazing Burst Dragon does what «Kagero» does best - retiring your opponent's rear-guards and attacking with great power and critical. When this unit attacks, all of your opponent's rear-guards are retired and all of your rear-guards will get a great power boost as well.
