Riviere is back on the stage with a brand new G unit!! Fans of Riviere will love this card as she greatly rewards you for playing more Riviere in your deck especially when using her as your vanguard. You get to add +5000 power to rear-guards equal to the number of "Riviere" you have in the soul. Additionally, she will get power and critical boost when you have 3 or more face up cards in your G zone.

## Arcadia Star, Coral

Coral also makes her return in this expansion!! She is also able to give your rear-guards power boost but on top of that, you are able to soul charge a card from your deck. That means higher chance to get a trigger card on your drive check!

Featured  
Cards!!

## Song of Gracious, Raindear

Don't forget about Raindear!! Revealing a Grade 3 card during drive check does not happen often, but this new Raindear G unit allows you gain more power and number of drive checks when that happens!!

## Here comes the first Trial Decks of this season!

Trial decks are pre-constructed decks tailored for Buddyfighters who wish to learn more about the game! Featuring more complex mechanics compared to Start Decks, you'll get to explore more intricate gameplay and strategies!

# DECIMATING BLACK DRAGON

Wielding the strength of cards that will unleash carnage on the opponent's field, this trial deck is the best way to attain the power of Darkness Dragon World!

### Black Death Dragon of Sentence, Abygale

Behold the new form of Abygale in Future Card Buddyfight X! This Abygale destroys a monster on your opponent's field as it attacks, and you gain life equal to the size of that card. An ability true to its name.

### Death Count -Serenade-

At the end of your opponent's turn, you can put the top card of your deck into this card's soul--and when this card has at least three souls, your opponent's life becomes 1. This card makes each turn a countdown to your opponent's defeat!

Taste the power of "the Chaos"! This new flag is used by the ruler of havoc Wisdom, a new character in the animation series! With this deck, your opponent shall bow down before Chaos-- the power that runs the entire world.

### the Chaos

This flag's unique powers reign supreme above the known Buddyfight rules to date-- allowing you to call to your field monsters of up to size 99! A flag fit for the ruler of havoc!

### The Manufactured Havoc, Geardod VII

Introducing Geardod VII, Wisdom's buddy monster. It has the new ability [Chaos Territory], which allows you to put two monsters on your center, including this card!

### Forced Global Shutdown

This impact deals damage equal to the total critical of all monsters on your center. With [Chaos Territory], you can have two cards on your center, so your opponent will suffer a huge blow!

# CHAOS CONTROL CRISIS

Figure Card Buddyfight X Booster Pack Vol. 2

**Unleash the true power of "the Chaos" with this booster!**

This set features many power-ups to "Ruler of Havoc" and "Decimating Black Dragon" trial decks, as well as new cards that are about to bring a revolution to Darkness Dragon World and Legend World's playstyle. Like the previous booster, there will be one SECRET PACK sealed in every display box so do keep a lookout for it!

**Featured Cards!!**

## Ruler of CHAOS, Geargod VII

With "CHAOS Drain" ability under this card's possession, you will have a chance to keep this card on the field upon destruction! "Ruler of CHAOS, Geargod VII" is a great upgrade to its Trial Deck version!

## Annihilation Black Death Dragon, Abygale

This card is perfect for Darkness Dragon World's new playstyle, which revolves around gaining abilities by keeping your (Black Dragon) [Set] cards staying on the field. Let the gust of black death blows once again!

## CHAOS Adil Diablos

Adil Diablos returns...as part of CHAOS!! "CHAOS Adil Diablos", which is already hard to go against with its Triple Attack and Soulguard, this card gets even tougher when it gets stripped off its souls! How'd you like the sound of additional power, defense, critical as well as immunity from opponent's card effects?!

## The Hanako In The Toilet

Yes you've seen it right. This card represents the new Legend World attribute (Toilet), inspired from the story of a young girl spirit named Hanako who haunts school bathrooms. Although this card can only be summoned using the effect of a (Toilet) item, its destructive abilities will certainly instill fear in your opponent.

Dragoborne

# GAMEPLAY

**Dragoborne** is a strategic trading card game that features dice as an integral part of gameplay. Each player controls three forts which represents both the player's life total, as well as the Dragoborne's Nation allegiances.

The aim of the game is to destroy all of the opponent's forts, and to accomplish that, players call forth fearsome creatures to aid them in battle and cast powerful spells to devastate their opponents or to grant boons to their allies.

Players roll the dice and incorporate them into their strategy, using them to defend their forts from enemy attacks, or infusing their creatures with power, all while drawing on them to fuel their efforts as they strive to dominate the board.

Dice can be used as dragoshields, to be the front line of defense against your opponent, allowing you to conserve your creatures for a counter-attack!

You can also use dice to power up your creatures by dragocrossing them, increasing their combat capability, and even granting them new abilities.

Dice may also affect the battlefield in a more indirect manner, such as being used as a cost for abilities, in order to evoke an effect on the battlefield. The values of the dice may also be directly referenced by spells, potentially giving them bonus effects.
