BUDDY LEGENDS

The long-awaited release that everyone's been waiting for!

Spirited Star, Trois

Fans of Riviere, we are getting a very powerful support!!

Trois allows you to superior ride to a Grade 3 Riviere when you are at Grade 2. If you are already at Grade 3, you can get a free stride into a Grade 4 Riviere!! What's even better is that this unit has the ability to launch one more attack when your vanguard is a Grade 4 Riviere.

Better watch out for this new mermaid idol!!

Aurora Star, Coral

Coral makes a return in this expansion too! This unit gets a power boost based on the number of "Coral" in your soul, regardless as a vanguard or rear guard. When it is placed or when you stride into a "Coral" G unit, you can get an even bigger power boost for your units in the front row. Be sure to pack enough "Coral" for maximum efficiency!!

Featuring the pack that only includes the adorable mermaids from the popular clan, 《Bermuda Triangle》!!

Splendid Fortune, Shizuku

This unit is a great finisher for the “Shizuku” deck. Her skill allows you to get up to 2 Grade 3 “Shizuku” from the top 5 cards of your deck. Also, she can also get power boost based on the number of “Shizuku” cards revealed from your hand. What’s more devastating is that you could potentially restrict your opponent’s ability to guard when his unit attacks. Do remember to play “Shizuku” of different grades!

Velvet Voice, Raindear

How does it feel to have 20 triggers in your deck? Well, try playing this unit to find out!! This unit also turns your Grade 3 drive checks into a power boost, giving your opponent a harder time to make the decision while guarding.

Cards used by the Buddyfighters during the All-Star Fight arc

are included in this booster, along with trump cards used in the final stages of the current season! Legendary monsters from previous seasons gain new forms in Buddy Legends as well, and you know what that means - this booster contains upgrades for all worlds, from since the beginning of Buddyfight!!

Overturn Armordragon, Drum Bunker Dragon

Gao's first Buddy takes the stage, and he's awakened the power of Overturn! Opposing monsters in battle with Drum will have their abilities nullified, and if you're performing a link attack with Drum, you can use his Overturn to secure the game!! Drum gains 2 critical and infinite power, and with natural Penetrate, Gao's old buddy is still a force to be reckoned with!!

White Supreme Dragon Deity of Creations, Gaen

A size 10 monster with high power and defense that cannot be destroyed or returned to your hand if you are Transformed into it! This form of Gaen is nothing short of fearsome. On top of that, his abilities cannot be nullified, it refills your hand cards, and you can discard a card to give it Penetrate or Double Attack!! And what's stopping you from giving it both?

Super Sun Deity Dragon, Balle Soleil Dios

Carve a path to victory with Balle Soleil's new form!! Get rid of anything in your opponent's center, even during their turn! Balle Soleil Dios even passively protects you and your cards, by reducing incoming damage by 2, and preventing abilities on cards on your field from being nullified!
