Blazing Overclash

Witness the power of the
brand new cards in S-BT02A!

An exclusive look at VGE-BT05!! Check out the latest schedule for Bushiroad Championship Series 2019!

ROYAL PALADIN

V-BT05/XV01EN – Solitary Knight, Gancelot

Arguably one of the best cards to pair with Blaster Blade. When he is your vanguard, the Rear-guard Circle that Blaster Blade is on becomes a Vanguard Circle, allowing (VC) abilities to activate. His first ability is also good for protection from enemy fire!

GOLD PALADIN

V-BT05/SV03EN – Blazing Lion, Platina Ezel

Blazing Lion, Platina Ezel is good for deploying units and controlling triggers! The first drive check can be changed, allowing you to look at 2 cards from your deck, reveal 1 as your trigger and call 1 as a rear-guard! Then, if you have 2 or more grade 3 cards in soul, you will change the second drive check too! Use this unit wisely to perform wicked combos!

Product Specifications

80 types of cards + various parallels
2 cards in every pack will definitely be R or above cards

The much awaited booster pack Aerial Steed Liberation is finally coming to stores soon! Which side will you be on?

NARUKAMI V-BT05/SV05EN – Eradicator, Gauntlet Buster Dragon

This dragon is easily the icon of terror for all of your opponent's front row rear-guards. Yes, none will be spared. Its Power and Critical boost is also a sweet addition to the destruction it can deal to your opponent's empty front row.

NUBATAMA V-BT05/SV04EN – Shura Stealth Dragon, Jamyocongo

Never underestimate Jamyocongo's ability; discarded cards cannot be replenished easily, allowing you to keep a limiter on your opponent's hand!

Blazing Overclash

Are you ready for Thunder Empire?! Or how about new upgrades for folktale, or CHAOS?! This new alternative set is set to be exciting as we bring you new cards for the abovementioned attributes and more!

Thunder Emperor Warlord, Barlbatzz Dragoroyale

Straight off the bat, Barlbatzz Dragoroyale is indestructible during your turn, and he can't be rested by your opponents! Of course, popular during the X series, Barlbatzz Dragoroyale has the Overthrow ability as well! Once you've called a fellow Thunder Empire monster to the field, all cards will gain additional power and critical during the whole fight!!

CHAOS Vanguard, Geargod Ver. ZERO

We can't forget about CHAOS too! Retaining most of the iconic CHAOS abilities such as CHAOS Drain and CHAOS Territory, Geargod Ver. ZERO's Overkill: REBOOT ability has upgraded itself! Now, you can nullify any incoming attack, and end the turn if your opponent attacked four times or more during that turn!

Star Guardian, Jackknife "Fullwing"

With this Jackknife, you have an ability reminiscent to Gargantua Dragon, "Enhancer"! Draw a card and call a monster with "Jackknife" in its card name on top without paying its call cost! And you can do this in each player's attack phase!

Moonlight Fleur, Emma

Folktale is back!! And an all new Emma has emerged! If Emma is on the field or in the soul of a Folktale Card, all Folktale item and spell can't be destroyed, can't be returned to hand, nor can their souls be dropped by your opponent's card effects! And you can put cards from your drop zone into your Folktale item or spell whenever Emma attacks! One card to protect your main cards!

Thunder Break Dragon [V-BT05 / 023EN] Cardfight!! Vanguard Booster Pack Vol. 05: Aerial Steed Liberation

"My lightning will beat them all up without fail!"

This electrifying dragon needs no further introduction. Why intercept when you can just annihilate right? No prizes for guessing who that only one left standing will be.

If your opponent's vanguard is grade 3 or greater, it's basically a free front-row sweep! How neat!

In addition, your opponent can move each of the rear-guards in his or her back row to an open (RC) in the front row.

Let the annihilation begin!

Red Hood [BNJ / SX01 - 038 RR]

A game changer that's either going to turn the tides in your favor or bring you closer to defeat!

At Level 3, this card seems like an ally when it comes to attacking your opponent and dealing some serious damage. Although it comes at a hefty cost, it's worth the investment if the damage sticks. All in all, a double-edged sword that must be used with caution... and perhaps a little luck?

Sky's the Limit, Cheryl

Wonderland Walker, Alice [S-BT02A-UB04/0002EN] Ace Booster Pack Alternative Vol. 2: Blazing Overclash

Folktale is back! And it's stronger than ever!!

Reminiscent of Folktale cards, Alice can counter call in any one size 1 or less Folktale once per turn! And you can stand Alice again and again when you put a size 1 or less folktale into the soul of an item or spell on your field!

Get ready to be blown away with the powerful cards coming from Blazing Overclash!

Forever in Folktale Land, Vanessa
