The Astral Force

EXTRA BOOSTER 13

The much-awaited support for Gear Chronicle, Angel Feather, and Genesis is coming to a friendly local game store near you!

GEAR CHRONICLE

USED BY
RYUZU MYOUJIN!

V-EB13/SV03EN Chronotiger Rebellion

Chronotiger Rebellion makes a comeback in this extra booster with a plethora of wicked abilities, which varies with the number of cards in your hand!

You can retire two of your opponent's rear-guards, give your front row units Power +10000, and all of your opponent's guardians get Shield -5000!

I go well with: V-EB13/008EN Chronofang Tiger (available in the same extra booster!)

V-EB13/SV01EN Arch-aider, Malkuth-melekh

Arch-aider, Malkuth-melekh is one self-sacrificing angel; it allows for up to 3 allies to be "revived" via superior call from your drop zone, and gives your front row units Power +5000 at the cost of 1 damage. Depending on your opponent's vanguard grade, it can deal or heal a damage! This unit also exhibits good synergy with supporting units in the same extra booster, and the use of Protect II gift markers!

I go well with: V-EB13/004EN Aid-roid, Zayin (available in the same extra booster!)

ANGEL FEATHER

USED BY
TATSUYA
TACHIBANA!

4.3.2020 on sale

Product Specifications

V-EB13/SV02EN Origin Deity of Heavenly Light, Uranus

If you have picked up "Gleaming Lord, Uranus" from Trial Deck 09, Origin Deity of Heavenly Light, Uranus is a unit that you will definitely not want to miss out on.

Instead of accumulating 5 force markers, activating the Astral Plane can now be achieved by soul-blasting one or more cards with the sum of their grades being 5 or greater! Not only that, by resting two Astral Poets as cost, Valkerion can rest and attack once more!

I go well with: V-EB13/007EN Dikei of the Just Path (available in the same extra booster)!

USED BY SHINEMON NITTA!

SSR (Super Special Rare) cards galore!

A pack containing all 6 SSR units will be rarely included!

Featuring cards used by Shinemon Nitta in the animation, with unique hot stamp and foil designs!

JOJO

— JOJO's Bizarre Adventure Golden Wind —>

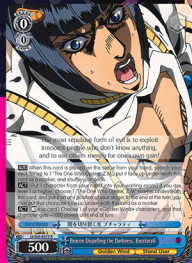

Join Giorno on his journey to becoming a Gang-Star on the stage of

Get ready for some action this March as JoJo's Bizarre Adventure: Golden Wind makes its way to the Weiß Schwarz English Edition! And what makes this set interesting? Check out the following cards with compelling abilities that resemble those of various Stand characters in the anime!

First up, it's "Final Form, G.W.R"! Similar to how Golden Wind Requiem possesses incredible power, this card allows you to deal up to 2 additional damage during your encore step, with its CX combo.

Next on the list is "The One Who Opens, Z.M.!" Like how Zipper Man appears in times of need, this card is put as a marker underneath "Beacon Dispelling the Darkness, Bucciarati" through its AUTO ability. Depending on your board state, you can pull it out to execute an attack during your attack phase, without the need to find a card for attacking with each turn.

And who can forget about Six Bullets, those bullet-shaped fragments that control the trajectory of Mista's gunshots? The CONT ability of this "6 Together as 1, S.B." allows you to put up to 6 cards of the same name in your deck. In addition, you can get up to a hefty +4 souls per character before climax, depending on the number of "6 Together as 1, S.B." cards that you have on the field.

Another that deserves mentioning is "Destructive Tempest, L.B.". Resembling Li'l Bomber which is a fighter plane capable of firing ammunition at high speeds, this card allows you to choose one of your opponent's characters on the stage and reduce its power by up to a whopping -5000, depending on the number of 《Golden Wind》 characters you have on the field, with its CX combo.

A must-have set for all fans of the anime, don't forget to get this set when it hits stores on March 27!

No. 3 "Glasses @ Pastel * Palettes"

No. 4 "Chocolate Cornet Ambassador"

LUCK IS A GIFT THAT ONLY PEOPLE WHO DON'T GIVE UP TO THE VERY END CAN GET!

Uranus returns with a gleaming new form that lets you access Astral Plane with greater ease! With its simple but devastating abilities, you can bring Valkerion's might to bear with less setup – and even get to attack twice with it!

<p>x4</p> <p>Orbain Doly of Heavenly Light, Uranus</p>	<p>x4</p> <p>Battle Maiden, Matsuzaki</p>	<p>x4</p> <p>Atlas of Heavenly Sphere</p>	<p>x1</p> <p>Pan of New Style</p>	<p>x4</p> <p>Goddess of Self-sacrifice, Kuchimada</p>
<p>x3</p> <p>Quaking Heavenly Dragon, Anras Dragon</p>	<p>x4</p> <p>Phinomenus of the Constellations</p>	<p>x4</p> <p>Dice of the Luck Path</p>	<p>x4</p> <p>Mercury of Gravitas</p>	<p>x4</p> <p>Witch of Big Pots, Laurier</p>
<p>x3</p> <p>Gleaming Lord, Uranus</p>	<p>x2</p> <p>Prometheus of the Dancing Lights</p>	<p>x2</p> <p>Deputize Bear</p>	<p>x4</p> <p>Battle Maiden, Kukurihime</p>	
Grade 3	Grade 2	Grade 1	Grade 0	

x4

Ultimate Doly of Distant World, Valkerion

Grade 4

Bringing the powerful Valkerion to bear as soon as possible is the key game plan of this deck, since the new Uranus' ability allows it to re-stand for a second swing. As such, it's imperative that you can fulfill these conditions as quickly as you can – and this deck can do just that, with a combination of deck filtering and sheer draw power!

You won't be able to drive check on Valkerion's second attack, but swinging a second time with massive power alongside your vanguard with multiple Imaginary Gift: Force markers under it and other hard-hitters like Phinomenus of the Constellations will let you clinch victory with ease!

Key Cards

POINTS OF INTEREST

Deck filtering and ability sequencing is key in this deck! Depending on what you're looking for at any given time, you may wish to use search effects like Dikei of the Just Path to manipulate your deck before using "blind" draw effects to ensure you don't draw something you don't need.

Valkyrie gets put to the bottom of the deck by the Astral Plane's effect, but that doesn't mean that it's gone forever! Use shuffle effects to randomize the deck, then try and draw it out again!

Origin Deity of Heavenly Light, Uranus requires you to Rest two Astral Poets in order to swing with Valkyrie again, which means your last two remaining back-row rear-guard circles will be locked down for this. Phinomenus of the Constellations is therefore your ideal attacker, since it gains power for each Force marker on your vanguard circle! It even lets you draw cards to churn through your deck and find Valkyrie for the second turn of offense!

Amputation Angel [V-EB13/012EN]

Cardfight!! Vanguard Extra Booster 13: The Astral Force

Finally a good reason to play Protect III!

From the get-go, Amputation Angel gets an absolutely beastly boost in power; while on a Protect II marker, it sits at a massive 29,000 power unboosted – and here's the kicker – on both players' turns.

Key Angel Feather grade 3 units Arch-aider, Malkuth-Melekh and Crimson Impact, Metatron want you to keep riding them to trigger their on-ride effects, so it's a small matter to build towards 3 markers and lock away your opponent's sentinel use!

Restless Pursuer, N.C [JJ/S66-E59 U]

JoJo's Bizarre Adventure: Golden Wind

For me, this "Restless Pursuer, N.C" character card is awesome! It can gain immense power as the game progresses and remain on the field like an annoying fiend that refuses to back down!

Like how the Stand, Notorious Chase grows bigger by devouring everything in its way, this card gets a neat boost of +1000 in power for each marker placed underneath it, which are earned for each opponent's character it defeats in battle.

Unlike a normal Encore, whereby one pays 3 cost to bring back a character from the waiting room, I can let it remain on the field, even after it's defeated in battle, by paying 1 cost. With this, it can continue to take on more opponents and become stronger as the game progresses.

Demonic Karma Dragon Deity of the Black Luster, Gaen "IF" [S-UB05/0006EN]

Ace Ultimate Booster Pack Vol. 5 : Buddy Again Vol. 2 ~ Super Buddy War EX ~

Are you excited for Super Buddy EX? Because I am! And it's all because of this card! Behold the demonic majesty of Gaen!

Doesn't just come with a cool illustration, Gaen's abilities are not one to look lightly upon as well! You can stop your opponents from gaining additional draw while you get to draw two cards straight from entering the field! In addition, Gaen attacks your opponent and all their monsters when he attacks alone!

On top of all these great abilities, the size of all Azi Dahaka monsters is reduced by 3, thanks to Gaen! There's the monster destroying, Triple Attack, "Destruction Deity of the Old World, Azi Dahaka" or "Demonic Dragon Deity of Demise World, Azi Dahaka" that attacks all of your opponent's monsters and deals extra damage to your opponent or my favourite, "Sky Carnage Sun Deity, Azi Dahaka "Zurvan" that attacks your opponents and all of their monsters and calls up other Azi Dahaka monsters as well! There're all kinds of other Azi Dahaka monsters available with similar and different abilities!
