## Fujimi Fantasia Bunko hits stores May 29th!

On May 29th, Fujimi Fantasia Bunko, a collection of several popular light novel series, will make its way to Weiß Schwarz English Edition, featuring memorable characters from popular titles such as High School DxD, Data A Live, Is This A Zombie?, Akashic Records of Bastard Magic Instructor, Student Council's Discretion, and more!

To date, this new title is also one of the few sets that allows the construction of an 8 Standby deck. Exclusive to red climax cards and indicated by a switch-like trigger icon, these are found on the climax cards, "Irreplaceable Daily Life" and "First-Friend".

"Irreplaceable Daily Life" works in synergy with the character card, "Hekiyou Academy Student Council President, Kurimu". When "Hekiyou Academy Student Council Secretary, Chizuru" or "Fragrance of Yuri, Chizuru" is put on the stage in a [Rest] state via the Standby effect of the climax card, the latter provides the option to put it in a [Stand] state, in preparation for an attack.

In addition to bringing back a character up to 1 level higher than your current level from your waiting room, "First Friend" also works with the character card, "Girl of Healing, Asia" to give you an additional neat boost of +1500 in power.

Besides an 8 Standby deck, this set also comes with strong CX combos. An example will be the character card "Tsundere Magical Arms Girl, Haruna" and its climax card, "Absurd Daily Life". With its CX combo, you get to deal 4 additional damage to your opponent, and with its Wind trigger, you can send a potentially strong opponent's character back to their hand.

Whether you are a fan of the light novel series or strong CX combos, remember to check out Fujimi Fantasia Bunko when it goes on sale end May!

ADVENTURE TIME  
ENGLISH EDITION ORIGINAL

# ADVENTURE TIME

Finn the Human and Jake the Dog embark on yet another adventure and this time, it's on the Weiß Schwarz stage! Join the duo with other memorable characters from the series, as they come together to overcome obstacles along the way!

Here's a sneak peep of you can expect from this set, as we'll be featuring several cards in the coming issues.

For this month's issue, it's "Finn: Daily Diligence" from the Trial Deck+!

Similar to how Finn is fueled by his strong sense of responsibility to protect those around him, this card gets a hefty boost of up to +4000 in power, depending on the number of «Ooo» characters you have on the field, as soon as he attacks. And it doesn't stop there, if you have a "Princess Bubblegum: Casual" on your stage, you get to add the top card of your deck to your stock when you defeat its opponent in battle. Now that's one hard-working lad!

**Ranunculus Flower Maiden, Ahsha [V-TD12/001EN]**  
Cardfight!! Vanguard Trial Deck 12: Ahsha

Although its abilities look simple, there are many implications for Neo Nectar with the advent of the Ahsha's Flower Fairy token! It is a powerful payoff for accruing Plant tokens indeed – but more importantly, the return of Ahsha rendered once again by the talented lack is something I am sure many players are happy about!

One of my favorite character cards from Fujimi Fantasia Bunko, comes from the popular light novel series, Date A Live.
