# The music band from Buddyfight Mystic Knight!

## A Bewitching Crimson Mirage. Sync

The main buddy for the Mystic Knight deck, Sync's signature ability is to increase Power and Defense for all Mystic Knight cards on field with each Fire Spell cast. This particular Sync also increases the critical of all Mystic Knight cards, gives them Penetrate and ensures that their damage cannot be reduced when attacking alone!

## Flaming Red Prison of Love. Sync

A new Sync was released in S-CBT03, and this version, Flaming Red Prison of Love. Sync can be Counter-called onto another Mystic Knight Monster at no cost. In addition to gaining Power and Defense with each Fire Spell cast, you get to drain your opponent's life as well!

## Magic Twin Neck Guitar, Kinari

Any band is not complete without instruments, and here's the one for Mystic Knights! Able to attack even with a Mystic Knight on the Center, Kinari also protects your Mystic Knights cards from returning to hand and soul dropping card effects and even reduces the gauge cost for any Mystic Knight called to the field!

## Magic Manipulator, Night

A member of Mystic Knights, Night adds exceptional value to the group's performance by protecting his fellow Mystic Knight cards from destruction and ability nullifying card abilities! On top of that, Night provides more support to other cards by giving them Critical+1!

## Wings of Revolt

A crucial spell card for Mystic Knight, Wings of Revolt grants two options, one increases the Power of all Mystic Knights on the field by a whopping 6000, and the other, while similar, pumps Defense instead.

## Nightmare Cage

Any deck is incomplete without that finishing card to win the fight, just like how a concert is incomplete without an encore! For Mystic Knight, there's no better card than Nightmare Cage! Stand all Mystic Knight and deliver the final encore to your opponents in the Final Phase with Nightmare Cage!

# That Time I Got Reincarnated as a Slime

Get ready for some wild adventure this summer as That Time I Got Reincarnated as a Slime makes its way to Weiß Schwarz English Edition! It features memorable characters from the anime, Rimuru, Shizu, Milim, Shuna, Shion and more!

This set contains several cards that can put themselves or your other cards into memory, and what's neat about the aforementioned is that it allows deck compression, as the ratio of climax cards to non-climax cards increases after a deck refresh. Some of these cards also work in tandem with other cards to drive dynamic gameplay.

## For a start, check out this “Conqueror of Flames” Shizu character card!

COMBO  
1 or more

PLAY AT LV2  
2 or more

If you have “Conqueror of Flames” Shizu in your memory, it works with Successor, Rimuru to call out another copy of the latter or “Predator” Rimuru from your hand onto the field. When there are 2 or more of it in your memory, you can also play Memories of Japan, Shizu earlier in the game at level 2.

Depending on the board state, you can play one of the two different cards in this set, the Anti-Magic event that comes in the Trial Deck+ and an alternate event counter that can be found in the Booster Pack. The former allows you to search your deck for up to 1 《Demon Continent》 character while the latter gives 1 of your 《Demon Continent》 character on the field a considerable boost of +2500 in power. In addition, you have the option to have it returned to your hand from your memory, by putting a climax card into your waiting room.

and this is the origin of the unit name "Happy Around!"

What you should know

# about Rinku Aimoto!!!

## Everyday is Super Fun!

### A Happy Girl Who Leads Happy Around!?

Happy Around! is a unit born from Rinku's encounter with Maho. The unit name originates from her habit, where she says "Happy around!" and twirls around whenever she is happy. She is an extremely cheerful and optimistic character and pushes the unit forward, but is often scolded by Maho for focusing too much on eating her favorite rice balls.

## Raised in Africa, the wilderness is her friend!

She originally lived near Yoba Academy, but moved to Africa as a child due to her parents' work.

Loving the wilderness since her childhood, she can sometimes be seen as an oddball.

Because she grew up with music in Africa, she has one of the essential skills for music: a great sense of rhythm.

According to her, she "might have been dancing with animals everyday!"

She loves Japanese animation and manga that she watched on TV during her time abroad.

She knows classic Japanese animations especially well.

## What is Happy Around! to Rinku?

Happy Around! is such a precious place for her that she answers "Everything!" to this question. After coming back to Japan when she became a high school student, she met Maho and learned the fun of DJing. With Muni and Rei joining the unit, every day is the happiest it could possibly be.

She has recently been trying track making as well. She formed a DJ unit from her encounter with Rinku, and although sometimes bewildered by Rinku's eccentric actions, she continues to improve her performance as a DJ.

# Guess we gotta do this!

# about Maho Akashi!!!

## Started a DJ Unit

### from her Encounter with Rinku!

Fascinated by the DJ live concert at a music festival, she thought "I want to be like that one day", and has been practicing DJing ever since.

She started the actual DJ unit activity after an encounter with the transfer student, Rinku, who told her "I want to start a DJ unit!"

That said, since Rinku was a beginner, it was Maho who taught Rinku everything, starting from the definition of what a DJ is.

She is good at concentrating and working steadily. She recently started to work on not just remixing, but also track making.

## Has a Sweet Tooth, but Actually...

Chestnut cream cake is her favorite, and she has already checked the patisseries around school for it.

She has a sweet tooth, but "she's actually got a great figure" according to Rinku.

Her hobby is cooking, and her family loves her curry rice.

Perhaps the secret to her diligence could be this hobby?

## What is Happy Around to Maho?

"It was the beginning of everything, and an irreplaceable group of friends."

She is putting her all into the DJ activities to become a unit that can fascinate others like what she saw during the DJ live concert from before.

Let's watch her do her best every day!

Rinku praised her drawing when they were young,  
and Muni started to take drawing seriously.

As a result, she's now a renowned illustrator on the internet.

She acts very affectionate with people that acknowledge  
her skill, but does not let her guard down with others.

Although she is usually the one who handles Happy Around!  
from going too crazy, Maho sometimes needs  
to come in to take that role from her.

I am the center of the universe, the one and only, Muni Ohnaruto, aka Muni-chan!

Make sure to remember my name before you go home!

## about Muni Ohnaruto!!!

**"The One and Only" Bunny Ear Girl**

whose Criticism is Much Sharper Than Her Looks.

She is particular about how she creates her own "cuteness" as she always wears bunny ears and pink costumes with a lot of frills.

"Nyochio" who is always with her(?) is her handmade cat-shaped audioplayer.

However, contrary to her looks, she is usually the one who keeps the conversation together in Happy Around!

She's a little concerned about having similar traits as Esora Shimizu who is "the love" of Peaky P-key (self-proclaimed).

**She is Made of Sugar, so she Doesn't Eat Vegetables and Meat!?**

She is an extremely picky eater who loves sweets, and says "I'm actually made of sugar."

To the point where Rei, from the same unit, often scolds her to eat her vegetables.

But in return, Muni introduces boba milk tea and junk food to Rei, who has never had any before as Rei is used to living a sheltered life.

**What is Happy Around! to Muni?**

In the ten questions interview, Rinku answered "Happy Around! is the bond between Rinku, Maho and Rei" in an affectionate tone.

She always says that she is unique and the center of the universe, but it's obvious that she trusts her friends and treasures their friendship.

She felt oppressed living the life her parents had prepared for her, but didn't have the courage to make a change. She meets Rinku unexpectedly, and a change starts to brew inside of her.

Raised as a rich heiress, she has moments of seeming like an oddball, though not to Rinku's extent.

This is my first time, but I'll give it a try...!

# about Rei Togetsu!!!

## Her Speciality is Classic Piano! A Curious Elite Girl!

She was raised in a strict family and had lessons in all sorts of activities, which she is using those experiences for the DJ activities of Happy Around! Maho says that "The music she writes has a stable foundation because of her experience in classical piano." Maho often writes songs using the melodies Rei creates as a base. Muni also says that Rei joining "finally completed the unit." However, it's Rei's first time challenging DJ activities.

What kind of changes will brew in her mind after courageously leaving the rails laid down for her by her parents?

## Curious About Cup Ramen!?

She usually likes traditional Japanese food. Aside from just music, she is also interested in the snacks and juices that Muni introduces to her. Among all, she is extremely curious about cup ramen that everyone eats. Rei sees Muni as a "gourmet" since she knows a lot about junk foods.

## What is Happy Around! to Rei?

She answered that Happy Around! is "a place filled with happiness." She has been busy learning piano as a child, and did not have many opportunities to spend time with her friends. However, she was able to make new friends, and even found happiness through piano.

The charismatic leader of the high school DJ unit "Peak-y P-key". Born and raised in a musical family, she has a natural talent for music, but spares no effort to improve her performance. She finds herself strangely attracted to "Happy Around!"'s energetic performance. Despite her calm look, she has a strong passion for DJ activities. During performances, she leads the unit members as they excite the crowd.

Come on everyone--It's going to be non-stop from here--

# about Kyoko Yamate!!!

## Towards the Limitless Peak..., Overwhelming Charisma of Peaky P-key!

The leader of the high school DJ unit "Peaky P-key". Like her saying, "our everything is within the music," she has a strong passion for music, and has never been arrogant about her position as the most popular unit in Yoba Academy.

According to another member of the unit and her old friend, Shinobu, the music she creates is "way too peaky." Even so, Shinobu is able to accept and elevate it no matter how wild Kyoko's creativity can be.

Peaky P-key's music is created from the clash between the souls of these two.

Her hobby is traveling alone. She is inspired by the experiences in different places.

## First Impression is Cool, but She is also Easy Going.

There are times where she shows her easy going side. For instance, she answered that she loves digging into a huge hamburger during the Groovy Mix D4U interview. Also she often joins Yuka, Esora and Shinobu to mess around together during their performances.

She is strict with herself, but also frank and open-minded with others.

This could be the one of her charms that makes her charismatic.

## What is Peaky P-key to Kyoko?

In D4U's story, Kyoko answered that they are "Friends who are as important as her family."

Her answer shows how strong her trust for her unit members are, as a leader who is devoted to music and is determined to be the best.

According to her, "Nobody can beat me at FPS in 1v1." A very picky eater, her diet is that of a young child. She is very arrogant, but has the most common sense in the unit.

I'm the only one in the entire world

who can take you on.

# What you should know about Shinobu Inuyose!!!

## Always Talking About Kyoko Unconsciously?

## DJ & Track Maker of Peaky P-Key

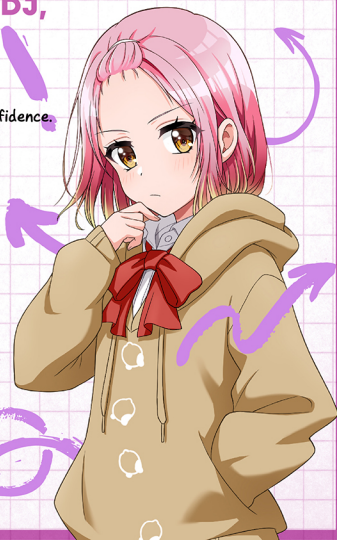

With her exceptional skill on DJing, she is in charge of remixing and track making of Peaky P-key. Although she has a sense of rivalry toward Kyoko, who is the leader of the unit, they respect each others' abilities. Especially for their DJ activities, she said "I'm the only one in the entire world who can take you (Kyoko) on." The existence of Kyoko seems significant to Shinobu as she always mentions Kyoko with or without realizing it in the D4U story.

## Not Only is she a Famous DJ, but She's also a Famous Gamer!

A hardcore gamer that says  
"Nobody can beat me at FPS in lvi" with confidence.  
Incidentally, she is the only one among  
Peaky P-key who prefers the indoors.

## What is Peaky P-key to Shinobu?

Her answer to the question was

Raised by parents who work as gym trainers,  
she is very cheerful and is kind to everyone.  
She is actually not good at English.

Hmm? If I must say...  
It's for capturing the greatest moment, I guess.

# What you should know about Yuka Jennifer Sasago!!!

## Photographer who Loves to Work Out and is in Pursuit of the Greatest Moment!

Her speciality is bodybuilding since both of her parents are gym trainers. To build the ideal figure, she plans training menus for herself and does workouts everyday. The reason why she does workouts is to "capture the greatest moment." Having seen many different scenes through the viewfinder of her camera, she is pursuing the unpredictable "greatest moment" which cannot be found if she lets time slip away, through her activity as member of Peaky P-key.

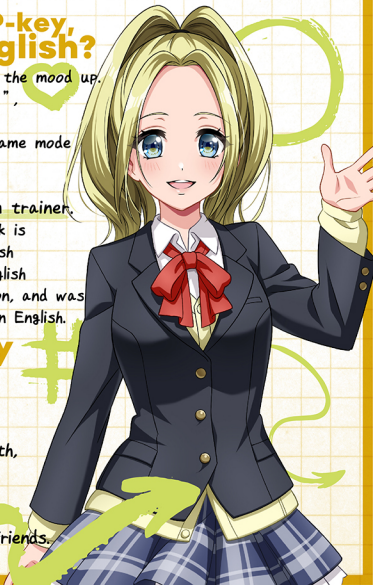

## Life and Soul of Peaky P-key, but Can't Speak English?

She always cheers on the members to keep the mood up. She would say "Shinobu, you are on a roll!", "Kyoko, you sound great!" or "Esora! You are killing it!" in the rhythm game mode on Groovy Mix D4U.

She is the life and soul of the unit, keeping everyone's spirits up like a gym trainer. At home, the main language her family speak is Japanese, so she actually can't speak English very well. In the D4U story, she spoke English with weird grammar for her self introduction, and was caught off guard by Esora talking to her in English.

## What is Peaky P-key to Yuka?

She proudly answered "BFFs! They are my best friends!" Esora, who she always messes around with, Kyoko, who watches them smiling, and Shinobu, who enjoys the company despite complaining all the time. To her, they are her irreplaceable best friends.

I'M THE "LOVE" OF THIS UNIT. ESORA SHIMIZU

## Super Rich Girl Who Built an Ideal Venue Just for One Performance!

She built a music club just for Peaky P-key's concert after hearing Kyoko, who is in the same unit, say "I can't find a perfect venue for the performance". After the concert, she ended up selling the venue. She said "We did the performance we wanted and the venue is better run by someone who can manage it. This way everyone can be happy. If we need another one, I can just build it again." She is willing to spend her own fortune, if it is for the "Irreplaceable things shown by her friends", which is unobtainable with money.

## In Truth, She Has No Stamina!?

In the Groovy Mix D4U rhythm game, she was out of breath while performing as Shinobu and Yuka was cheering for her. Does this mean that Esora, who was born to a wealthy family, has no stamina, or Yuka who was raised by gym trainers, has way too much stamina to spare?

## What is Peaky P-key to Esora?

She answered that  
"They are the ones who taught me  
what 'friends' mean, so  
I would do anything I can for them"  
in her Groovy Mix D4U story.

Contrary to how carefree she usually acts such as proclaiming herself the "love" of Peaky P-key, she showed the side of her that she usually doesn't show when she was talking about how she feels about the unit members.

Having "synesthesia", she can see color in music. A DJ concert she happened to attend made her want to become a DJ herself. She is a person of few words, but shows her outstanding performance on stage.

For a moment, I saw a warm color...  
It's a color I've never known, or seen before...

# about Saki Izumo!!!

## Having "Synesthesia", She Can Feel the Color In Music.

She has an ability called "synesthesia," which helps her visualize the tone of music and atmosphere of live concerts in color. She says "I think I can excite the audience even more by performing along with the color I see." Since her father works at a research institution for space development, her hobby is observing the stars. She has a cat named Schrodinger.

## The Only 1st Year in the Unit!

Although she is a person of few words, she enjoys the conversations with Towa and Noa at her own pace. With Ibuki watching them, that's how the daily life of Photon Maiden off-stage goes.

She is the only 1st year high schooler in the unit, making her the youngest member. Because of that and the atmosphere that Saki has, the other members adore her very much.

## What is Photon Maiden to Saki?

She answered "Something unknown to me." Moved by a DJ concert that she happened to attend, she began her DJ activity. Photon Maiden has just started its activity as well. Along with the DJ activity with her friends, what kind of "color" will she find in the future?

# about Ibuki Nijjima!!!

## Experienced, Caring and Reliable Leader of the Unit!

Photon Maiden consists of members who passed an audition hosted by a talent agency.

Among these members, Ibuki leads the unit both performance and mental-wise.

Since she was a manager and an athlete in the track and field club at school, she always takes good care of the members.

To get her mind refreshed, she goes to karaoke and sings songs that are not related to work.

## Continuous effort makes for a healthy body and mind!

She has tried out many sports since childhood, and in junior high, she got hooked on the joy of dancing and singing.

Devoting herself to maintaining her body shape and well versed in bodybuilding, she can talk about it for hours.

Considering her health for her body, she avoids eating high calorie foods, and consumes proteins by eating meats.

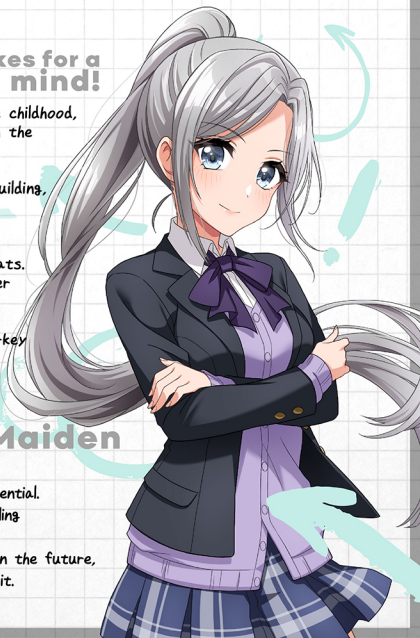

She recommends a healthy diet to her unit members, but it seems the members are not taking her advice...

Yuka Jennifer Sasago from Peaky P-key and Dalia Matsuyama from Merm4id love working out too, so they might get along in the future?

## What is Photon Maiden to Ibuki?

She answered "I would say it's a potential. We have just begun, but I have a feeling that we will change and evolve."

Photon Maiden will continue to evolve in the future, and she will not spare any effort for it.

A member of Photon Maiden, a group of talented girls gathered from all over Japan. She transferred to Yoba Academy with the other members. She actively attends the local festivals due to her family's participation in the local youth organization. Once, a photo of her at a local event went viral on SNS. As a huge idol enthusiast, she still goes to idol concerts, and tries to learn from their performances. Her conversations with fellow unit member Noa looks like two small animals picking at each other.

I'm getting nervous!

but I'll do my best!

# about Towa Hanamaki!!!

## Idol Enthusiast, but Gets Nervous on Her Own Stage?

As a huge idol enthusiast, she can't stop talking about idols. She still goes to idol concerts, and tries to learn from their performances. However, when it comes to her own performance, she gets nervous on stage.

Although she relies on the leader of the unit Ibuki on stage, she thinks she should get a hold on herself.

## They are so close they fight? Towa and Noa's Friendship

Even off stage, Towa is often with Noa Fukushima, another member of the same unit. They are so close that they can say anything to each other, but it looks like they are having a quarrel from the outside. Because of that, Saki quietly points that out and Ibuki often calms them down.

## What is Photon Maiden to Towa?

Once, a photo of her at a local event went viral on SNS, and many talent agencies approached her. However, she was struggling to decide which offer to accept when one day, she saw an audition for Photon Maiden and immediately thought "this is it!" This unit is "a place to make her dreams come true".

A member of Photon Maiden, a group of talented girls gathered from all over Japan. She transferred to Yoba Academy with the other members. She became interested in theater plays through her love for literature, and decided to become a performer when she was praised at a theater workshop. Very curious, loves reading, and full of knowledge. Becomes talkative when it comes to things she is interested in. She loves cute things. She knew Towa, another member of the same unit, before joining Photon Maiden, but her first impression of Towa was quite different from what she expected.

Nothing can overcome "Cute".

# about Noa Fukushima!!!

## A Curious Bookworm Girl.

She is a bookworm who says "I have too many books at my home that the floor might collapse..". She loves literature. Regardless of genres, she reads any books that catches her attention. Hence why her hobby is reading. She became interested in theater plays through her love for literature, and decided to become a performer when she was praised at a theater workshop.

## Nothing can overcome "Cute"!

She has a huge love for "cute things" and often shows off her collection during concerts. This often leads to arguments with the idol-loving Towa about their beliefs on what "cute" is. However, it seems they see each other as good partners as she says "we usually practice on our own time together since there are pair choreographs just for us." She thinks Saki, another member in the same unit, is too cute to take her eyes off. Besides that, she is interested in a cat shaped audio player "Nyochio" which Muni Ohnaruto, a member of Happy Around!, carries around. She wants to ask her if she can touch it one day.

## What is Photon Maiden to Noa?

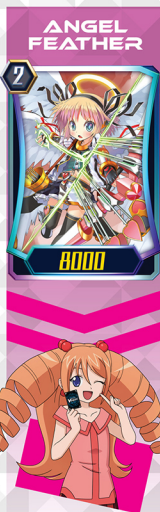

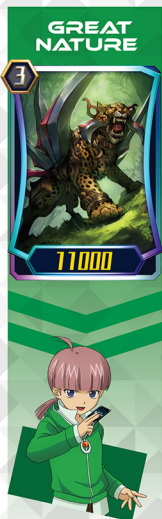

She answered "a place where I can be someone else." Photon Maiden charms the audience with the combination of DJing and dance performances, and it's a brand new world for Noa who just loved literature. She happily says "the scale of this is so big, I am experiencing something I have never experienced before."

**Starlight Violinist**[V-EB14/011EN]  
Cardfight!! Vanguard Extra Booster 14: The Next Stage

Starlight Violinist returns to support Royal Paladin decks once again, and I have to say this new dynamic artwork really amplifies this angel's image! It should be fairly obvious from the get-go that this card is meant to make Aerial Divine Knight, Altmile really pop off. Starlight Violinist solves the issue of flooding out on grade 2s by giving your grade 2 units Boost, and it even allows you to take full advantage of the +5000 Shield from Altmile by letting your units intercept from the back row! A must include for sure in Altmile decks.

**"Unwavering Music" Lisa Imai; School Festival** [BD/W73-E076; BD/W73-E100]  
Weiß Schwarz Booster Pack BanG Dream! Vol.2

As a fan of the band Roselia, one of my favorite CX combos is the "Unwavering Music" Lisa Imai character card and its climax card, School Festival. It is formidable because it plays like an all-out offensive during both the attack phase and battle step! Through the AUTO ability gained with this CX combo, you reveal 6 cards from the top of your deck and depending on the number of soul trigger icons found among them, you can potentially deal a substantial number of additional damage to your opponent. In addition, your character card gets a hefty boost of +4000 in power until the end of your turn. At the same time, you can get 1 simultaneous heal through the first AUTO ability of the character card. An all-rounder in my opinion!
