V-BT08/SP02EN

Dragonic Overlord "The X"

"Dragonic Overlord" has historically been very popular in the Cardfight!! Vanguard franchise, and this one is no exception.

If you prefer an "explosive" Kagero unit to dictate the flow of battle instead, this is definitely the vanguard to go for! Just like its G-era counterpart, this unit synergizes with "Dragonic Overlord the End" (available in Extra Booster 07: The Heroic Evolution) to wreak havoc with multiple high-power attacks!

Use me with "Heatshot Dragon" and "Igniroad Dragon"!

KAGERO

V-BT08/SP01EN

Alter Ego Messiah

Alter Ego Messiah is all about "unlocking" potential.

With its ability, it can bring forth two different cards to the field as locked cards! When it attacks, you not only can choose any number of existing locked cards to unlock, all unlocked units get +10000 Power in the process too! Use these abilities wisely together with other supporting cards to quickly fill up the field, and pressure your opponent with multiple waves of attacks!

Use me with "Lady Fencer of Matter Transmission" and "Genesis Machine Deity, Volkogode"!

Supreme Heavenly Battle Deity, Susanoo

Supreme Heavenly Battle Deity, Susanoo's abilities can be said to be as flashy as its outfit and equipment.

Not only you can increase your hand size, but also allow for triggers to be activated off those cards! Together with the right support cards, you can manipulate your deck and get the combos flowing!

Use me with "Victorious Deer" (available in Booster Pack Vol. 01: Unite! Team Q4) and "Goddess of the Sun, Amaterasu"!

**ORACLE
THINK TANK**

V-BT08/SP03EN

Dragonic Blademaster "Souen"

The iconic Blademaster is back and better than ever, as its abilities allow for a player to rush an opponent at full potential at least a turn earlier (as compared to "Dragonic Blademaster" from Extra Booster 07: The Heroic Evolution)

If you who prefer 'crowd control' methods and vision token mechanics to outnumber an opponent, this is the deck for you! To unleash the full potential of this card, the Wyvern Strike units are a must to be included too!

Use me with "Wyvern Strike, Garan" and "Wyvern Strike, Doha" (SP only in this product, or Extra Booster 07: The Heroic Evolution)!

KAGERO

V-BT08/SP05EN

Great Cosmic Hero, Grandgallop

Power up your front line units and ready for battle with the legend, Great Cosmic Hero, Grandgallop!

For starters, this unit benefits depending on the number of criticals it holds, ranging from power ups to front-row rear-guards and an additional critical for itself. Run this with Force II to pile on the criticals along with support units and to top it off, use its other ability to gain an additional critical and reap the benefits!

Use me with "Cosmic Hero, Grandvolver" and "Dimensional Robo, Daijacker"!

**DIMENSION
POLICE**

SP Clan Packs galore!

Be the lucky one to open our special clan packs in this booster! Each clan will feature 7 iconic cards in SP rarity, definitely something you would not want to miss out on!

ADVENTURE TIME

"Ladies, I brought you a baby, and a puppy!"

Oh no! The Ice King's up to his usual mischief again and this time, he's kidnapping the princesses!

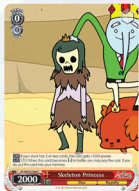

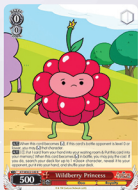

For this month's issue, check out this "Ice King" card from the booster pack! He is a force to be reckoned with while on his quest to find true love, and his strength can be bought to bear early!

Four specific princesses – Wildberry, Slime, Skeleton and Turtle have to be successfully "captured" and put into your memory though, but when these conditions are met, you can play the card earlier at Level 2, at a low cost of 1, despite being a 3/3.

For starters, you can get 1 heal with its first AUTO ability. On top of that, you get to deal 2 additional damage when you shift all four princesses from the memory to your waiting room. Now this is what we call motivation!

In addition to being used to "fuel" the Ice King, there is a benefit in putting the character cards, "Wildberry Princess", "Slime Princess", "Skeleton Princess" and "Turtle Princess" into your memory. This allows deck compression, which in turn increases the chances of cancelling damage on your opponent's turn.

Remember to check this set out for more cards that work in synergy with one another, when it hits the stores in November!

The focus of this deck lies in pulling off the **“Overlord, Ainz”** CX combo as it works **“Death Knight”** to unleash up to 6 attacks within the same turn. This is aided by using **“Boundless Obsessive Love, Albedo”** in your early game to generate card advantage by gathering the pieces for your late game with the CX combo. In addition, **“Endless Devotion, Albedo”** and **“Infinite Loyalty, Albedo”** with high power bases are a force to be reckoned with when attacking opposing characters on the field while providing simultaneous heals. Other character cards such as **“Unreliable Nature Manipulator, Mare”** and **“Crimson Red Battle Maiden, Shalltear”** are staples on their own, equipped with a Brainstorm ability and the “ability to run” respectively.

Winner Message

Thank you to all the Bushiroad staff and players who participated in the tournament. I built this deck during my first trip to Japan back in 2019. Love Live! means a lot to me and is one of the series that made me play Weiss Schwarz more. This community has been very kind so I hope anyone who is interested tries the game out! Shoutout to James (the best EN Love Live! Sunshine!! player) and all my friends in the Toronto community who always help me become a better player.

Always hit 4 on brainstorm.

I really enjoyed this remote fight tournament! I played a different deck in each round and had plenty of exciting games. Thank you to all of my opponents and the Bushiroad Staff for organizing this tournament, it was very easy to find pairings and play. I would encourage anyone who has the facilities to play remote fight to give it a try, it's very easy to find games for both standard and premium formats and tournaments are held every week.

Today's tournament was intense. I knew my same deck wasn't going to cut it, so I had to find a way to throw a curveball. I did that by adding 2 Eradicator, Gauntlet Buster Dragon in there to be able to counter other Accel decks, and to pressure if I went 1st. The hardest games were my second Murakumo and my Nubatama matchups. The player using Murakumo really rushed and hit really high numbers, however I hit him early with Eradicator, Gauntlet Buster Dragon and finished him with Dragonic Vanquisher. Against Nubatama it stayed pretty even for most of the game and I would've lost if he pulled one more trigger on his final turn. This tournament was really fun and I hope to keep playing in many more.

I have played many card games before but Buddyfight was the only game that resonated with me. Even though buddyfight is no longer supported, it's true end only comes when the players stop playing it. Until then, Buddyfight will never end. I would like to thank everyone who became my friend and gave me unforgettable memories through this game and as always, Keep on Buddyfighting!!

The overall Tournament experience was very enjoyable and I would wholeheartedly encourage others to participate in future events. Despite the competition being fierce, thanks to former Worlds' Players competing, the general atmosphere felt friendly and welcoming. Bushiroad staff have genuinely done a stellar job fostering a good online community, so hats off to them. Stay safe and even though Buddyfight may be coming to an end, that doesn't mean we have to stop 'Raising the Flag'!

Dragonic Overlord "The X" [V-BT08/002EN] Cardfight!! Vanguard Booster Pack Vol. 08: Silverdust Blaze

Another iconic unit from the game's past returns with the awe-inspiring Dragonic Overlord "The X"! I've been a fan of Dragonic Overlord "The X" since the original was released in G-BT01 Generation Stride, and this iteration has got me pumped to pick up Kagero again! True to its previous incarnation, this V-series update has some serious synergy with its buddy Dragonic Overlord the End. Its second ability helps you circumvent some of the restrictions of using the End's abilities, and if your opponent's vanguard is a grade 3, you even get to prevent its drive from going to 0 on the third swing!

Dragonic Overlord the Matt - Bushiroad Marketing Team

Girl From Village Irlam, Petra; Out-of-Season Snow Festival [RZ/S68-E007; RZ/S68-E013] Re:ZERO - Starting Life in Another World- Memory Snow

Introducing a new character, Petra from the Irlam Village! She may be still be a child, but she is a weighty opponent when it comes to her CX combo!

First, you can play this Girl from Village Irlam, Petra character card earlier in the game at level 2, by the effect of its CONT ability.

With its CX combo, you can have up to 2 level 0 or lower 《Memory Snow》 characters returned from your waiting room onto the field. In addition, one of the returned characters can even get a whopping boost of +9000 power and +1 soul for the turn! Throw in another +1000 power from its climax card, Out-of-Season Snow Festival and that is a total boost of +10 000 power - enough to take down even a level 3 character!

Sky's the Limit, Cheryl - Bushiroad Marketing Team

Skycrushing Deity Strike, Brawlzeus [/ S-SS01A-SP02/0003EN] Ace Special Set Alternative Vol. 1: Buddy Ragnarok

The king of controlling opponent's resources is back! Retaining its unique call cost, Brawlzeus can now be called by putting two cards in total from both your own and opponent's field to the drop zone! We can't forget his signature ability Plunder as well! Forcing players to put hand cards into their gauge and thereby allowing you to draw cards!

I would certainly want to avoid fighting against players with Godpunk decks!
