Majesty Lord Blaster

スペシャルデッキセット
マジェスティ・ロードブラスター

Behold, the gallant hero of legend is back to grace our decks! This deck also features "Blaster Dark" units with a new ability that allows for it to be used as a Royal Paladin unit!

V-SS04/S01EN Majesty Lord Blaster

The key unit and the main vanguard of this product, this majestic paladin has the ability to gather both light and darkness (from Blaster Blade and Blaster Dark respectively) to give itself massive power-ups like an extra critical, especially if it's on a vanguard circle!

Behold its power, as it obtains two Imaginary Gift: Force on its attack! Stack up on Force I markers in this deck for additional power gain!

Within the Royal Paladin clan, Wingal (and its many variations) have always been a prominent icon in association with Blaster Blade, and Wingal Brave is no exception.

Don't miss out on this cool one with the sword; this one holds a nifty ability that allows you to search your deck for "Blaster" units, regardless of whether it is a vanguard or rear-guard! This way, key cards can be brought into the field easily as long as the requirement is met!

V-SS04/008EN Wingal Brave

October 2nd On Sale!

V-SS04/017EN When Light and Darkness Intersects

While the ability text is straightforward, this card is arguably the most important card to get the combo engine of this deck running.

If you have either one of the key pieces to the combo, this card allows you to easily search your deck for another key piece (between Blaster Blade, Blaster Dark, and Majesty Lord Blaster) to your hand!

V-SS04/007EN Star Call Trumpeter

In unfavorable cases where key cards like Blaster units or "When Light and Darkness Intersects" ends up in the drop zone, Star Call Trumpeter allows for them to be returned to hand!

Let's go through a brief history of Future Card Buddyfight!

Season 1 Synopsis

It is the year 2300, and the stage is the capital of Japan, Chou-Tokyo.

Through "Buddyfight", humans have started cultural interactions with residents from other worlds called "Affinity Dimensions". Buddyfight is a game with selected humans as the "Buddyfighter", and residents from the other world as the partner (known as "Buddy Monster"). These battles have high significance and sometimes it is even used to decide the fate of a nation, and naturally there are those who seek to use the Buddy Monsters for evil purposes.

Gao Mikado is a 6th year elementary student at Aibo Academy. He really likes Buddyfight, and hopes to have a Buddy Monster someday. One fine day, Gao rescues a boy from some hoodlums out of kindness, and this act catches the attention of a monster from the other world. This monster happens to be "Drum Bunker Dragon", son of a hero from Dragon World. Drum takes a liking to the unconventional Gao, and forms a pact with him as a buddy.

This is the story of their journey, and the deep bonds they forge with each other, as well as the various friends they meet along the way!

Hundred Synopsis

Having defeated the Disaster led by Kyoya Gaen, Gao Mikado, a 6th year elementary student became the strongest Buddyfighter, and is recognized for his ability and begins to work as a buddy police officer.

Meanwhile, a new threat broke out on Earth. A hundred vicious Illegal Monsters, "Hundred Demons," have invaded the earth and they're controlled by a mysterious boy named Ikazuchi. The curtain raises to a new battle stage for Gao and his friends.

Triple D Synopsis

Gao Mikado is partnered with "Dragon of the Sun, Bal Dragon", a monster born from a mysterious egg. To earn the coveted title as the strongest fighter in the world, Gao and Bal team up to challenge other fighters in the "World Buddy Cup". Their rivals include ex-Buddy Police Tasuku Ryuenji, and the self-proclaimed strongest combination, Gaito Kurouzu and his buddy monster Black Death Dragon, Abygale.

Meanwhile, evil-doers are aiming to acquire Bal's special abilities. Kyoya Gaen, and his buddy monster Demonic Demise Dragon, Azi Dahaka are up to no good. Kyoya is already one of Japan's richest icons and is also rumored to be one of the strongest Buddyfighters in the world. What could they possibly be aiming for? And why are they seeking this "Ultimate Dragon Power"? With the passionate shout of an impact call, let the power of the impact monsters be known! Now let's raise the flag!

X Synopsis

There are many Worlds(parallel dimensions) connected to Earth, and it is now time to determine who gets to stand at its peak with the title, "World No.1!"

Gao Mikado, a sixth grade elementary student from Aibo Academy has been chosen to represent Dragon World in the World Buddy Masters tournament. Guided by a messenger who claimed to be Saint Holy Sword Dragon, Gao releases the forbidden monster from its seal. That monster happens to be Demon Lord Dragon, Batzz, who almost brought about the destruction of Dragon World ages ago. Believing that he can be buddies with the aggressive and head-strong Batzz, Gao enters the tournament with him in tow.

There, he shall encounter the various powerful fighters representing other worlds, and Wisdom, the leader of an organization who is after the legendary "Mirage Card."

Ace Synopsis

Join Megumin and Yunyun as they return to Crimson Demon Village on the stage of

Get ready for some explosive action as KONOSUBA -God's blessing on this wonderful world! Legend of Crimson hits the shelves of your FLGS on October 23rd! Continuing the popularity of its anime, this booster pack based on its latest movie, features the protagonist, Kazuma, alongside other well-liked characters such as Megumin, Aqua, Darkness and Yunyun.

Adding on to the high firepower that the series is known for, check out the powerful 3/2 CX combos that can be found in this product!

First up, it's the "Foremost Mage" Megumin character card that works with "Greatest Mage" Yyunyun and its CX combo, Linked Palms to become a great game-finisher!

On its own, you receive 1 heal with the added functionality of turning your damage to stock by discarding a card from your hand through its first AUTO ability.

As part of the cost to play its second AUTO ability in the CX combo, you rest both the card and 1 "Greatest Mage" Yyunyun character card on your center stage. At the beginning of your attack phase, your opponent chooses 1 climax card from their waiting room and shuffles the rest back to his or her deck, which increases the number of cards in their deck and reduces their chances of canceling!

What makes this CX combo formidable is you get to put all your opponent's characters on the field who are facing the two characters put in a Rest phase earlier, straight into their clock like damage. On top of that, you also get to deal another 6 potential damage.

Next, take a look at this "Musclebrained Crusader" Darkness character card that is highly functional, both on its own and with its CX combo, M-My Defensive Strength?

By the effect of its CONT ability, the card can get a considerable potential boost of +2000 power when conditions are met. Add in +1000 power from its climax and that is a total boost of +3000 power!

With its first AUTO ability, you can dig up to 3 cards into your deck for any card, depending on your board state.

Through its second AUTO ability gained with the CX combo, you get an additional chance to deal 1 damage in the event the damage it dealt is canceled when conditions are met.

Last but not least, the character Aqua also gets a new level 3 CX combo finisher with "To the Crimson Demon Village!" Aqua and its CX combo, Protection of a Goddess!

With its CONT ability, the card can get a considerable potential boost of +2000 power when conditions are met. Add in +1000 in power from its climax and that is a total boost of +3000 power!

At the same time, you receive 1 simultaneous heal through its first AUTO ability.

Through its second AUTO ability gained with the CX combo, you get to deal another 2 potential damage for a fairly low cost, if there are no climax revealed among the 2 bottom cards put from your opponent's deck into their waiting room. Depending on the board state, you could even run your opponent out of cards and force them to take a refresh point – a guaranteed point of damage!

Mob Psycho 100

WEGO★SCHWARZ
ENGLISH EDITION ORIGINAL

Growing up isn't easy and it's even harder when you have to learn to find your way in life while trying to cope with the immense powers you possess. This is certainly true for several characters in Mob Psycho 100 and in this issue, let's accompany one of them in his journey of self-discovery...

**"The star doesn't get to bask in the spotlight because he's the star.
The star gets to be the star because he basks in the spotlight."
— Teruki Hanazawa**

Prior to his encounter with MOB, Teruki Hanazawa thought of himself as the strongest being due to his esper powers. However, when his beliefs are challenged by the former's existence, Teruki experiences an identity crisis and gets into a brawl with MOB as recreated by Teruki: Challenged Beliefs and his CX combo, A Huge Accident.

With this CX combo in play, you can dig up to 3 cards deep into your deck to retrieve a card, by paying the cost. In addition, you can opt to take Teruki out of the playing field altogether when faced against a strong opponent. This helps to maintain hand size and counteract against other CX combos that involve reversing one's battle opponents.

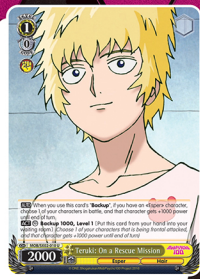

Although his defeat by MOB left him in shock for a period of time, Teruki eventually sees the error of his old ways of relying on his psychic powers as the basis of his self-identity and starts to see MOB as a friend.

When Ritsu is captured by the evil Claw organization, Teruki goes to MOB's aid in his attempt to rescue his brother as seen in this character card, Teruki: On a Rescue Mission. As a Backup, this counter card gives your character in battle up to +2000 power if you have another «Esper» character on your field, at no cost!

Although the defeat by MOB humbled Teruki, it did little to affect his pride and Teruki reappears later sporting a Wig as tall as his pride.

By playing this event card, you can choose up to 2 of your characters to give them a power bump of +2000. At the same time, they get the following 2 abilities until the end of your turn. They cannot be chosen by your opponent's effects and in the event the damage they dealt are canceled, you get an additional chance to deal 2 damage to your opponent.

Although MOB lives staunchly by Reigen's lessons on not using psychic powers on humans, Teruki has no such qualms and is ready to use all means at his disposal to fight for his goals.

A fighting Teruki can be seen in this card, Teruki: A Close Shave where he loses his hair yet again, but unlike the first time he lost his hair, this time Teruki shrugs off the hair loss for he has more important things to focus on such as defending his friends.

Teruki: A Close Shave gains power if the cards in your level have a combined level of 3 or higher, and gains yet more power when attacking if facing a level 3 or higher opponent, perfect for addressing your opponent's early play characters!

pick of the month

Lord of the Seven Seas, Nightmist[V-BT09/014EN] Cardfight!! Vanguard Booster Pack Vol. 09: Butterfly d'Moonlight

I've always felt like Granblue embraced the "zombie" part of "zombie pirates" more heavily than the "pirates" aspect in terms of gameplay, but Nightmist returns to change all that with his focus on some pirate Treasures!

His ragtag band of Seven Seas ne'er-do-wells all share the ability that grants the player Treasures markers when their attacks hit, which is basically what pirates do – pillaging and plundering! Nightmist unites all these efforts and grants his loyal crew nifty boons – from being able to attack and intercept from the back row, to gaining bonus power, to ultimately allowing them all to Stand again for a second assault!

Infinite Loyalty, Albedo[OVL/S62-E052] Nazarick: Tomb of the Undead

The Weiß Schwarz Pick for the month is Infinite Loyalty, Albedo. It is easy to play this character card earlier at level 2, simply by having 4 or more 《Grotesque Race》 or 《Nazarick》 characters, or with STANDBY. Its high power, coupled with an ability to heal 1 damage to your stock, makes this card a vital pick for Red decks.

Accel Major, Jon

Demon Lord Dragon, Batzz "Re:B" [S-SS01A-SP03/SP04EN] Ace Special Series Alternative Vol. 1: Buddy Ragnarok

Returning in this Special Series Alternative are the Revival Buddies, and I'm sure Thunder Empire users is looking forward to getting this particular card! (Me too!)

On top of being indestructible during your turn, the upgraded version of Batzz gains immunity against leaving the field, resting and ability nullifying card abilities! Super attractive upgrades include Triple Attack, and with less health, additional Power, critical and Hextuple Attack!

Thank you, Buddyfighters, for coming along with us on this journey so far. It has been great fun, and we hope to greet you all in another project in the near future!
