Cool Hank[V-BT11/009EN]

Cardfight!! Vanguard Booster Pack Vol. 11: Storm of the Blue Cavalry

Cool Hank returns to support Nova Grappler decks once again, and this iteration harkens back to its previous iteration but with a sizable upgrade!

While Cool Hank offers no power bonuses of his own, he provides an additional attack for the turn by Standing another rear-guard in battle! Apart from using it in tandem with Exxtreme Battler, Victor to help it gain an additional drive, Cool Hank can be used alongside other vanguards, like Fighting Fist Dragon, God Hand Dragon or Ultra Beast Deity, Illuminal Dragon!

"Endurance is My Forte" Darkness [KS/W76-E001]
KONOSUBA-God's blessing on this wonderful world! Legend of Crimson

As a crusader, Darkness takes pride in her duty to protect others and her nifty character card, "Endurance is My Forte" Darkness is a great addition to have in mid-game! For a start, she gets a power bump of +1000, by the effect of the first ability but what's neat about this card is it allows me to dig 4 cards deep into my deck for a climax card, which may be otherwise difficult to get into hand.
