Girlish Idol, Lyriquor [V-EB15/006EN]
Cardfight!! Vanguard Extra Booster Pack 15: Twinkle Melody

Lyriquor's novel first ability explores a fresh design space that was only recently introduced – interacting with order cards! The new order card "Lyrical Veil" works extremely well with Lyriquor, netting you any two grade 2 or less units from your drop zone and granting them Intercept until your next turn! Her last ability forces the opponent to intercept with everything they have that can intercept as long as you played an order this turn as well, which then triggers her second ability to net her +10000 power! Defensively she's no slouch either, turning 5000 shield intercepts into a pseudo 15000 shield!

Explosion Counter
 [MOB/SX02-095a; MOB/SX02-095b] Mob Psycho 100

Like how a counter appears every time there is a change in MOB's emotions, this event card "Explosion Counter" is essential in powering up the character card "MOB: Explosion" and activating certain abilities on "MOB: Puppy Love" and "MOB: Gratitude Towards His Master"! In addition, it allows me to dig up to 4 cards into my deck to look for a character I need, depending on my board state. A must for any MOB or blue-centric deck in this set!
