Similar to its previous iteration, Spectral Duke Dragon gains bonuses when you ride up to it from "Black Dragon Knight, Vortimer"!

Sporting an upgrade to its signature ability to battle all the opponent's front row units, it now gets drive +1 and can even gain additional power and critical if you put a Dragonic Kaiser Vermillion in the soul!

As a last resort, you can even gain additional drive checks for the turn at the cost of taking damage at the end turn, so use it carefully!

V-SS07/043EN Star-vader, Chaos Breaker Dragon

Give your opponents the gift of despair!

Even though you give your opponent an Imaginary Gift: Force when you lock their rear-guard, you get to draw cards, retire the unlocked unit, and remove up to 2 gifts when their rear-guards are unlocked!

V-SS07/050EN Evil God Bishop, Gastille

For every 5 cards in your soul, it gets harder and harder for your opponent to defend! Your opponent may get to choose what they get to deal with, but when you have 20 cards in your soul, they're forced to choose all abilities!

V-SS07/057EN

PUELLA MAGI MADOKA MAGICA
[SIDE STORY]

The Magical Girls return with
a new story on the stage of

WEISS SCHWARTZ

In February, the Magical Girls from the popular anime *Puella Magi Madoka Magica*, return with its mobile game spin-off *Magia Record: Puella Magi Madoka Magica Side Story*!

The new release comprising of a Trial Deck+ and Booster Pack, features the leading game characters, Iroha Tamaki and Yachiyo Nanami, as well as other memorable characters from the franchise such as Madoka Kaname, Sayaka Miki, Homura Akemi, and more!

In addition to expanding the existing lineup of Puella Magi Madoka Magica cards available in the English Edition, check out these nifty cards that can be found in the booster pack!

First up, it's the leading character in the mobile game, Iroha Tamaki! An earnest young girl who is attentive to the needs of others, her 3/2 CX Combo **Guide to the Future**, **Iroha** and its climax card **Connections** will give you a lift in late game!

By the effects of her first two AUTO abilities, you can have a «Magic» character returned to your hand from your waiting room and give 1 of your characters on the field a power bump of +1000 when she attacks.

With the third AUTO ability gained via her CX Combo, you can “revive” 1 of your other «Magic» characters on the field after their defeat, by putting them to Stand again.

The titular character of the original anime series, Madoka Kaname is a magical girl with a kind heart who is always ready to help others in need, as illustrated in her character card, **Offering a Hand**, **Madoka** and her CX Combo, **Another Hope**.

On her own, Madoka draws strength from other «Magic» characters on the field and gets a power boost of +2000 while healing 1 damage, by the effects of her first two abilities.

With the AUTO ability gained via her CX Combo, she deals an additional 3 damage when her opponent character gets defeated in battle.

Next, it's the unyielding Kyoko Sakura! Like her personality, Kyoko has no qualms when it comes to clashing with others. That is why she is a force to be reckoned with, as exemplified by her character card, **Single Point Breakthrough, Kyoko**.

If the character card, **Emergency Reinforcement, Sayaka** is on the field, she gets a whopping boost of +6000 power! Kyoko is also a great asset to have in any red deck for she can potentially remove any level 3 cards that come into early play on the field.

Last but not least, it's the dependable Mami Tomoe! As a mentor to the rest of the magical girls, Mami takes pride in being able to help others and her character card, **Reliable Upperclassman, Mami** attests to that.

When she attacks, she gives another 《Magic》 character on the field a power bump of +1000.

In the event she gets defeated in battle, she sends her opponent character straight to the opponent's stock, thereby removing a potentially strong opponent character from the field.

Remember to check out *Magia Record: Puella Magi Madoka Magica Side Story* when it hits your LGS shelves this February 26!

Re:ZERO

- Starting Life in Another World -

The Frozen Bond

Relive the tale of how a young girl met her guardian spirit on the stage of

In February, the popular title *Re:ZERO -Starting Life in Another World-* returns to Weiß Schwarz English Edition with its second OVA, *The Frozen Bond*. Unlike previous releases, this extra booster focuses on the events that had taken place before the main heroine Emilia met Subaru and company – her troubled past and first encounter with Puck. Filled with surprises, this is one support product that fans of the series can't miss out!

For a start, it introduces green-colored cards into the existing lineup of *Re:ZERO -Starting Life in Another World-* cards in the English Edition that work well with the current blue Emilia-centric decks.

At the end of the film, Emilia forms a contract with Puck and together, the two become a force to be reckoned with, as illustrated by their strong Level 3 CX Combo, *Contractor and Spirit, Emilia & Puck* and its climax card, *The Road Ahead for the Two*.

When there are 2 or more «Magic» or «Weapon» characters in your memory, their character card gets a power bump of +3000 while healing 1 damage, by the effects of its first two abilities.

With the first AUTO ability gained via their CX Combo, you can put your opponent character into their clock when the latter gets defeated in battle – a guaranteed point of damage!

This product also introduces a new character, Melaquera who appeared in the second OVA. As a fire spirit with immense powers, he is a mighty contender in any battle as exemplified by his Level 3 CX Combo, "Mediator" Melaquera and All-Consuming Flames.

Unlike other cards in Weiß Schwarz which are allowed a maximum of 4 copies in a deck, you can put up to 7 copies of "Mediator" Melaquera character cards into your deck, in a set-up to exploit the full potential of its second CONT ability.

When "Mediator" Melaquera is played onto the field, he can get a power boost of up to +6000, depending on the number of other "Mediator" Melaquera cards in your level.

With the CX Combo, he is able to deal an additional damage, coupled with a further increase of +2000 power, including the boost from the climax card All-Consuming Flames. On top of that, he also gets the following ability until the end of your opponent's next turn. When his battle opponent gets defeated, you can place that character on top of your opponent's deck, thereby preventing them from drawing a new character to attack with.

And that's not all! In the event that he gets defeated in battle, you can put him in your memory which fulfills a condition to activate the ability on his other character card, "Great Four" Melaquera.

Last but not least, fans of the demon twin maids at Roswaal's Mansion can look forward to their character cards, **Ram in a Hakama** and **Rem in a Hakama** that can be found in this product!

Ram in a Hakama works in tandem with cards from the previous release - her CX Combo, **Subaru Natsuki's Decoy Tactic** to have the strong Level 3 CX Combo, **Pink-Haired Maid, Ram** returned from the waiting room to hand at no cost!

Meanwhile, the Brainstorm ability on **Rem in a Hakama** allows you to search up to 4 «Magic» or «Weapon» characters from your deck, depending on the number of climaxes you reveal from the top of your deck.

Star-vader, Chaos Breaker Dragon [V-SS07/043EN]
Cardfight!! Vanguard Special Series 07 Clan Selection Plus Vol.1

The return of this iconic unit stirred up quite a storm on social media – and it isn't hard to see why!

Its ability characterizes Chaos Breaker Dragon's personality perfectly – even though your opponent's rear-guard is locked, you give them an Imaginary Gift: Force... that will eventually be ripped away from them via its second ability, when the locked unit is unlocked! A cruel ability – worthy of this fearsome vanguard!

Time for the Final Battle, Gilgamesh; The Will of Uruk to Continue Fighting
 [FGO/S75-E027; FGO/S75-E049] Fate/Grand Order Absolute Demonic Front: Babylonia

I like this CX Combo because it nicely sets up a series of attacks at level 3, making it a potential game finisher. When “The Will of Uruk to Continue Fighting” is placed on the climax area, REST the card and Gilgamesh gets to deal 1 damage 3 times, thereby increasing the chance of them going through. If one pulls off the CX Combo, that’s a whopping 3 damage in total!
