“Cardfight!! Vanguard Dear Days” is a digital card game full of intense fights. It is the first digital product featuring the overDress series of the spectacular trading card game “Cardfight!! Vanguard” by Bushiroad.

Over 1,000 cards in Standard rules are available to play. Deck building is a breeze with in-game

deck recipes, you can also copy the deck of characters from the anime!

Players can experience the world of Vanguard with various modes such as playing solo in “Story Mode”, practicing in “CPU Fight”, playing with friends in “Local Fight” or matching online with fighters all around the world in “Ranked Fight”!

###

“Cardfight!! Vanguard” is a TCG developed by Bushiroad. The related ongoing TV animation series began to air in January 2011. With the TCG and animation at its core, comics, movies, stage plays, events, collaborations with other projects, and more, have been developed as part of a large mixed media project.

After only 1 year from the TCG release in March 2011, it became the 3rd best selling TCG on the market and due to the popularity of the mixed media project as a whole, has sold over 2 billion cards. With English, Thai, Italian, and other languages supported, it continues to grow, being sold in 61 countries and regions worldwide.
